4. TERM & RENEWAL

Term: This Agreement shall commence as of the date Customer's notice regarding the change of Customer's provider to GAGE is deemed effective by the LDC. For Fixed Rate products, if enrollment occurs via an Enrollment Consent Form and wet signature, the Agreement shall continue for the number of months specified in the Enrollment Consent Form ("Initial Term"). If enrollment occurs via www.ga-ge.com (the "Website"), the Agreement shall continue for 12, 24 or 36 months from the commencement date ("Initial Term"), depending on the term of the plan(s) chosen on the Website at the time of enrollment and confirmed on the Customer's electronic enrollment confirmation ("Enrollment Confirmation"). For Variable Rate products, the Agreement shall

continue monthly ("Initial Term").

Renewal: Upon completion of the Initial Term, this Agreement will be eligible for renewal as described below:

For Fixed Rate products, at the end of the Initial Term, a new price offer will be provided to Customer in accordance with renewal notification requirements set forth by the DPS. Customer will be required to affirmatively respond to the renewal offer, in writing, by its due date or negotiate a new offer with GAGE. If no affirmative response to the renewal notification is received, the Agreement shall be terminated, and Customer's account shall be returned to the LDC for default service.

For Variable Rate products, at the end of the Initial Term, Customer will renew on a month-to-month basis with a monthly Variable Rate methodology (the "Renewal Term").

under this Agreement is set forth on the Enrollment Confirmation” to this Agreement and shall be subject to all applicable taxes and assessments. Customer will be invoiced monthly for natural gas and/or electricity delivered under this Agreement, as measured by the LDC, and Customer will pay each invoice in full within 20 days of the invoice date or be subject to a late payment charge of 1.5% per month. If Customer fails to pay each invoice in full within 20 days of the invoice date, then, in addition to any other remedies that it may have, GAGE may terminate this Agreement upon 15 days’ written notice to Customer. If Customer terminates this Agreement prior to the end of the Initial Term or Renewal Term, or GAGE terminates this Agreement due to Customer’s breach, and the Agreement is for Fixed Rate service, the Customer shall pay, in addition to any other applicable charges, an early termination fee, which will be no greater than \$100 if the remaining term is less than 12 months and \$200 if the remaining term is 12 months or more. Customer may receive a single bill for both commodity and delivery costs from the LDC, or each of the LDC and GAGE may invoice Customer separately. Customer payments remitted in response to a single bill shall be prorated (when so required) in accordance with procedures adopted by the DPS. In the event of failure to remit payment when due, GAGE may terminate commodity service and seek suspension of distribution service in conformance with the Home Energy Fair Practices Act (“HEFPA”). GAGE may assign and sell the Customer accounts receivable to the LDC. A \$40 fee will be charged for all returned checks.

6. RENEWABLE ENERGY (ELECTRIC SUPPLY ONLY)

Included in the purchase of this electricity product, GAGE ensures that electricity equal to the

percentage of the Customer’s electricity usage shown in the Customer specific terms is produced by power generation facilities located in New York State that use renewable resources (such as wind, solar, geothermal, water and biomass), and that have been added to the national power grid since 1997. GAGE does so by purchasing and retiring renewable energy certificates or credits representing the environmental attributes associated with the applicable amount of renewable energy generation from specific qualifying renewable generation facilities. Customer will not have electricity from a specific generation facility delivered directly to their service address, but this purchase ensures that the applicable percentage of Customer’s electricity usage is offset by the generation of energy from qualifying renewable sources on an annual basis. This purchase helps support the development of qualifying renewable energy and creates important environmental benefits in the areas where the renewable energy is generated. These benefits also apply to all of us in the form of reduced levels of CO2 and other greenhouse gas emissions that can be expected as more energy is generated from renewable resources and less is required from polluting fossil-fuel sources. GAGE may take up to 3 months following the close of a calendar year to make up any deficiency in the renewable resource content for this product. For additional information on renewable energy, you can visit the US Department of Energy’s website at <http://apps3.eere.energy.gov/greenpower/buying/>.

7. ASSIGNMENT

Customer may not assign its interests in and delegate its obligations under this Agreement without the express written consent of GAGE. GAGE may sell, transfer, pledge, or assign the accounts receivable, revenues, or proceeds

Customer's execution of this Agreement shall constitute authorization for the release of this information to GAGE. This authorization will remain in effect during the Initial Term and any Renewal Term.
